

Facilities report 2015/16

We have a number of ideas to improve the clubhouse and its surroundings, the car park has started to look its age and will need to be resurfaced soon, and the gents toilet needs an upgrade. We have a £5000 legacy from Flossie Bagshaw, and some money in the bank, but at the moment we are having a rethink as to whether to go ahead with them or whether we could spend the money in a different way.

Our main expense this year has been the refurbishment of courts 1, 2 and 3, due to sand compaction and consequently the loss of the drainage. This has been completed, but may still need a little more time for the sand to settle back in, until it plays as well as it did before. The lounge bar has finally been redecorated and a new carpet and door fitted as a result of smoke damage from the arson attack.

We are always looking to improve facilities at the club and if anyone has ideas please let me or any committee member know.
